

Mc Cray's Campaign a Big Success

(SPECIAL TO THE TIMES) INDIANAPOLIS, IND., April 28.—Entering the last week of the primary campaign, the McCray headquarters in this city gives out the following statement:

"The week just ended has broken all records in the number of out-State supporters of Mr. McCray who have visited his headquarters. These have come from practically every county in the state and all report McCray sentiment overwhelming in their respective localities. In addition a systematic return of county reports show steadily increasing gains for the Kentland candidate. There can be no doubt of the result on May 4th, and Warren T. McCray will be nominated in the primary."

"F. R. Schaaf, former republican chairman of Lake county, has just returned to his home in Gary after spending two weeks at French Lick where he came in contact with many of the prominent citizens of Indiana. He says: 'Every report from every section shows our Tenth District candidate to be far in the lead so far in fact that he will be nominated at the primary polls. From a careful compilation of the reports from every district in the state it clearly indicates to my mind that McCray will carry at least seventy-five counties with votes enough to spare that will easily give him the nomination on May 4th. My own county is solidly behind him and the returns from the Tenth District will be highly gratifying to our own district candidate.'"

The latest word from Evansville shows unmistakable evidence of a decided turn to McCray, and it is freely conceded that he will carry the entire First District. More than four hundred of the leading business men of Evansville, including lawyers, doctors and professional men are organized to get out the McCray vote on primary day. Headed by Charles G. Covert, A. V. Burch, Charles Artes, A. W. Funkhouser, Arthur Trimble, Frank R. Wilson, Marcus Sonntag, W. H. McCurdy, John Craft and many others equally prominent, the organization is doing most effective work and has put Vanderburgh county safely in the McCray column."

The McCray forces in Fort Wayne have arranged McCray Day for next Wednesday when Mr. McCray will spend the day and evening in Allen county. Every precinct in that county is being carefully looked after by McCray's friends and the out-lying townships are prepared to get out the vote, the farmers organizing among themselves to see that every farmer goes to the polls with his McCray vote on primary day. A survey of the Twelfth District clearly indicates that McCray sentiment is sweeping the entire section."

A report received at McCray headquarters today shows that even the Vigo county managers of opposing gubernatorial candidates have conceded Terre Haute and the Fifth District to the farmer candidate. Since the McCray meeting held at the Hotel Fleming in Terre Haute last week there has been a decided letting up in the activities of the friends of other candidates."

Mr. McCray has a strenuous week

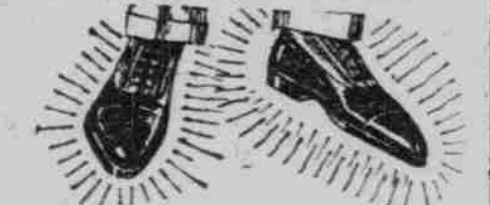

SULPHUR SOOTHES UGLY, ITCHING SKIN

The First Application Makes Skin Cool and Comfortable

If you are suffering from eczema or some other torturing, embarrassing skin trouble you may quickly be rid of it by using Menthosulphur, declares a noted skin specialist.

This sulphur preparation, because of its germ destroying properties, never fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Menthosulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist.

FOR THE THIN AND BLOODLESS!

The thin and bloodless, with pale cheeks, white lips and frail angular physique of this community have been much interested in the reports of physicians and others concerning the effectiveness of the treatment for increasing the red and white corpuscles of the blood, thus adding color and weight to the accompanying vigor to the depleted system. A gain of from 10 to 30 pounds is not at all unusual where the treatment is regularly used for several months, while the color improves almost from the beginning. Most good apothecaries supply it in the form of three-grain hypodermic tablets, put up in sealed packets with directions for home use. Its action aids assimilation and absorption of the food eaten very promptly.—Adv.

Boston Traffic Cops Don White Raincoats

(INTERNATIONAL NEWS SERVICE) BOSTON.—Members of the traffic squad here donned their new white raincoats and caps for the first time. The main reason for furnishing traffic officers with white coats is so that night auto tourists may distinguish them more easily, and also for their own protection. In the past automobilists have experienced considerable difficulty in seeing the officers through the rain-covered windshields of their machines.

The new coats are full length and designed similar to regular police overcoats. They have six buttons on each side and corduroy collars. A special pocket inside is used for carrying night sticks.

A HIDDEN DANGER

It is as dangerous to overload the stomach—thereby increasing the work of the liver and kidneys—as it is to sit on a powder keg! If the stomach does not function properly, the food digested is not assimilated and taken up by the blood.

A stomach alterative and blood maker that has been favorably known for the past 50 years is Dr. Pierce's Golden Medical Discovery.

An imitation of nature's method of restoring waste of tissue and impoverishment of the blood and nervous force is used when you take an alterative extract of herbs and roots, without the use of alcohol, like Dr. Pierce's.

Golden Medical Discovery. This vegetable medicine coaxes the digestive functions and helps in the assimilation of food, or rather takes from the food just the nutrient the blood requires. This "Medical Discovery" gives no false stimulation, because it contains no alcohol or other narcotic. It helps digestion and the assimilation of such elements in the food as are required for the blood.

Elm Hall, Mich.—"I suffered from chronic gastritis and kidney trouble ever since the Civil War, brought on by exposure and poor fare. I suffered so much from bloating and cramps and poor kidney action, but through the use of Doctor Pierce's Golden Medical Discovery and the little Pellets taken according to directions, together with Dr. Pierce's Anuric for the kidneys, I can say that my health has become very good for a man in his 72d year, whereas for years I was in very poor health at times. I consider Doctor Pierce's remedies the best that are put up."—WM. PARKS.
